PROFILE SUMMARY

Data analyst with solid experience in Java and SQL, specializing in working with large datasets and creating efficient data pipelines. Skilled in writing complex queries and optimizing performance to extract valuable insights. Experienced in building dashboards that help improve decision-making. Able to explain technical findings in a simple way for all audiences. Passionate about using data to support business growth.

EDUCATION

- **MIT Art Desian and Technology** CGPA: 8.10
Bachelor of Technology in Computer Science and Engineering 2022– 2026

SKILLS

- **Programming/Libraries:** Java, SQL, Spring Boot,
- **Programming Environment:** VS Code, IntelliJ IDEA, Eclipse, MySQL, MongoDB
- **Version Control:** Git, GitHub
- **Cloud:** AWS (EC2, RDS, VPC, S3)
- **Data-driven Skills:** Data Analysis, Database Management, Data Integration, Performance Optimization, Data Modeling, Working with APIs
- **Soft Skills:** Communication, Process Mapping, Analytical Skills, Business Understanding

PROJECTS

- **Campus Connect – Chatting and Buy/Sell System** [Link](#)
Technologies: Java, Spring Boot, SQL, RESTful APIs, Sockets
 - Developed a real-time chatting platform and buy/sell system for campus students.
 - Used Java and Spring Boot to build the backend and RESTful APIs for user interactions.
 - Managed user data and transactions with a SQL database.
 - Implemented socket programming for real-time chat functionality.
- **Car modification website** [Link](#)
Technologies: HTML, CSS, JavaScript, JSON, SQL
 - Developed a car modification website allowing users to explore and customize car models.
 - Designed the frontend using HTML, CSS, and JavaScript for interactive user experience.
 - Utilized JSON for data exchange between the client and server.
 - Managed data, including car models and modifications, using SQL for efficient storage and retrieval.

CERTIFICATIONS

- **Certificate for the Completion of Java Training**
 - **Description:** Achieved a 90% in this certification course
 - Spoken tutorial project by IITB
- **Data Analysis with Spreadsheet and SQL** [Link](#)
 - **Description:** Completed the course provided by Meta on data analysis
- **Networking Basics By Cisco**
 - **Description:** important concepts of computer networking and connections
